# Contract Athletic Training Services

**Do you need  
medical  
coverage for  
an event?**

D&D's Certified Athletic Trainers can assist you with event medical management and provide athletic trainers at your event.

We also can support your team by becoming your preferred medical provider.

As a result, we will provide a weekly injury clinic at your facility where we evaluate, treat, and educate your athletes on proper rehabilitation exercises to treat and prevent any sports injuries you may encounter.
